

Please DO NOT 'enact' ANY Federal rule/law/etc. that would SUPERCEDE the Indiana "NO-Call list" program. It has been VERY SUCCESSFUL in providing us with privacy from unwanted telephone solicitation calls. Often, we'd receive 10 to 15 per week, since being on the list it's rare that we get even one. If you feel compelled to do something, why don't you: 1.) Allow 'more stringent' STATE laws take precedent if they exist AND 2.) Do something about unsolicited E-MAILs (SPAM) before it completely bogs the (internet) system down to a crawl.
